

CALL FOR PAPERS

The *P&S Medical Review* invites submissions for the \$1000
Harold C. Neu, M.D., Biomedical Writing Prize.

Dr. Harold Neu was a legendary figure at CPMC. He devoted his professional career to serving his patients, to teaching medical students and house staff, and to promoting the intelligent application of antimicrobial agents. Dr. Neu is survived by his wife, Dr. Carmen Ortiz-Neu, who is sponsoring this award in memory of her late husband.

All scientific and medical topics are welcome. Papers will be judged by the Faculty Advisory Board of the *P&S Medical Review* using the following criteria: (1) style and clarity (2) originality (3) importance and relevance (4) information and conclusions.

The single winning piece will be published in the Spring 2002 issue of the *P&S Medical Review*. Other manuscripts will also be considered for publication. Please refrain from submitting papers that have been previously submitted for class credit, unless these papers have been significantly revised. Because all competition entries will be considered for publication, we cannot accept pieces that have been submitted for publication elsewhere or are under consideration for publication elsewhere. Please refer to the Guidelines for Authors page for more details.

SUBMISSION DEADLINE: JANUARY 21, 2002

Please direct questions to jfs50@columbia.edu or avs33@columbia.edu.
