All required information must be submitted by September 30th for consideration of Institutional (CU Loan) loans and grants/scholarships. After this date, students will be deemed "ineligible" for Institutional funds in the current academic year, and will be considered for only federal loans, including Stafford, and Graduate PLUS as well as "alternative" loans. Students have the right to select the "alternative loan" lender of choice and the financial aid office is required to process a loan through any eligible lender that a student selects. For information on the University's disclosure concerning lenders, please visit <http://sfs.columbia.edu/forms-docs-library/426>
