In Case of Fire: R.A.C.E.

R \textbf{escue}  
Within the bounds of your personal safety, remove anyone in immediate danger.

A \textbf{larm}  
Activate the nearest fire alarm pull station. The pull stations are located by the staircase or the \textbf{EXIT}.

C \textbf{onfine}  
Confine the fire by closing all doors and, if possible, windows to contain it at its point of origin.

E \textbf{xtinguish} / E \textbf{vacuate}  
Minor fires within the bounds of your personal safety are easily Extinguished with the appropriate fire extinguisher.

If fire has grown too big:  
1. Confine it  
2. Activate the fire alarm  
3. Evacuate
