

columbia university medical center

## History

The CUMC Queer & Ally Partnership began in 2009 as a way for students from different CUMC schools to connect with one another while working to promote the needs of LGBTQA students.

## Mission

For the lesbian, gay, bisexual, transgender, queer, questioning, and allied community at all Columbia University Medical Center schools and programs to:

- Promote and serve diversity, health, and wellness,
- Create safe opportunities to build a social network and community,
- Advocate for equality, visibility, and recognition
